

# AMBULANCE CONVERSION

# About Us

**By Divine Grace, Sai Raj Ltd continues to serve the region as a pioneering fibreglass and PVC products manufacturer and fabricator with a team of highly trained professionals that are committed to providing quality products and a wide range of associated products and services.**

For over 40 years, we have provided clients with bespoke innovations by maintaining a system that can integrate developments as they occur; these cost and quality advantages are passed onto our valued customers.

We are one of Kenya's leading Fibreglass moulders, Commercial Vehicle body manufacturers and vehicle Conversion specialists, offering the largest, most diverse range of products available in the market today. Our designers work with you during the development of each product to discuss the range of features available to you.

Our products include Fibreglass / Steel Truck and Pick-up Bodies, Vehicle Conversions and Specialty Fabrications, Fleet Conversions, 4x4 accessories and camping gear, uPVC roofing sheets, polycarbonate sheets, PVC ceiling panels, fibreglass tanks, fibreglass furniture and many more quality fibreglass mouldings as per client needs.

## OUR VISION

To make Sai Raj Ltd the first choice manufacturer and reliable vendor of high quality products, vehicle body work, accessories and preferred allied products.

## OUR GOAL

To be trusted to deliver excellence with quality, service, flexibility and innovation at affordable prices.

# Ambulance Conversion

**At Sai Raj Limited we produce excellent quality conversions and custom build vehicles for ambulance services and patient transport services.**

Being the leader in the fibreglass industry in Kenya, we worked with vehicle dealers and suppliers in Kenya and abroad to come up with a higher standard of ambulances, mobile clinics, x-ray vans and a wide range of optional extras.

Such vehicle conversions and custom builds include:

- General Mobile Clinic
- Mobile Dental Clinic Medical Waste Truck
- X-Ray Mobile Clinic
- Pathology Mobile Lab Ambulances
- Medical Transport Mobile Lab

Whether you are hoping to increase business, open a new department, or expand your mobile services, our team at Sai Raj Limited is here to help.

We will help upfit a custom mobile medical unit for your needs, improving your service to the public.

We can equip your fleet with a custom mobile medical unit for any healthcare specialty and our designs provide you with more efficient and comfortable working environments for healthcare professionals.

# Standard Fitout

\* Diagram may vary from actual product. Not all features shown in the images are standard features.

\* Sai Raj reserves the right to alter and amend product specifications and features without prior notice.

# Van Conversions

**At Sai Raj, we specialize in converting standard vans into fully equipped, state-of-the-art ambulances designed to meet the highest medical and safety standards.**

Our van ambulance conversions are tailored to provide comfort, efficiency, and reliability for medical teams, ensuring they can deliver the best care in critical situations.

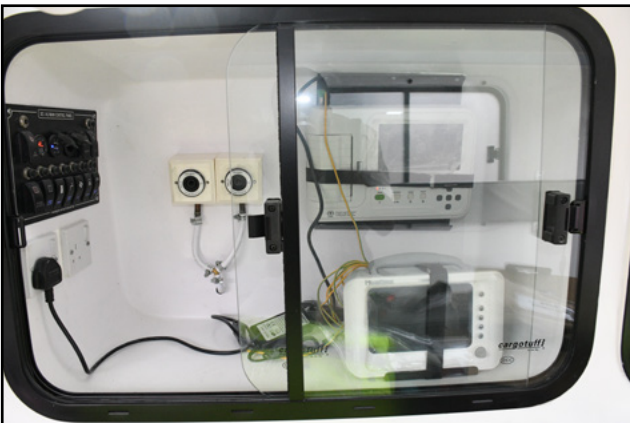

# Single Cabin Box Conversions

**Every conversion is designed with both patient comfort and crew safety in mind. From ergonomically designed interiors to secure storage for medical supplies, we prioritize functionality without compromising on comfort.**

Our single-cabin box conversions are built to withstand demanding environments. From robust exterior finishes to high-quality interior fittings, our vehicles are engineered for long-lasting performance.

# Monocoque

**We understand that every emergency situation is unique. That's why we offer customizable layouts to ensure all equipment is easily accessible, optimizing space for both the medical team and the patient.**

Our conversions come equipped with the latest medical tools and technology, ensuring your team has everything they need for quick response and treatment.

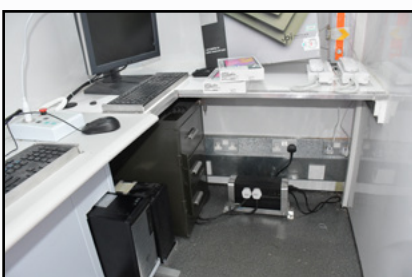

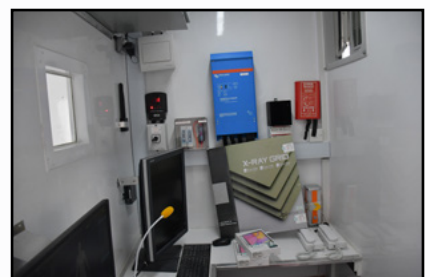

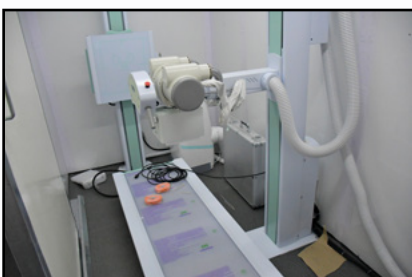

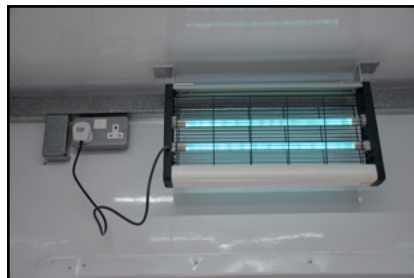

# Mobile Healthcare Clinics

**All our mobile healthcare clinic conversions meet local and international regulations for emergency vehicles, ensuring they are fully certified for use in critical care.**

Whether you need one vehicle or a full fleet, we're here to deliver high-quality mobile healthcare clinic conversions that meet your operational needs. Our team of experts works closely with you every step of the way, from the initial consultation to the final inspection, ensuring the finished product exceeds your expectations.

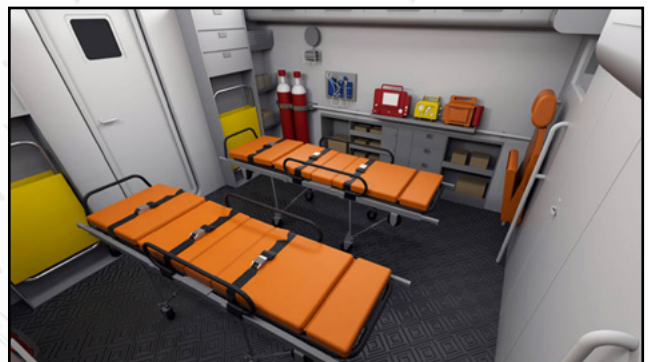

# Boats

**Enjoying a reputation for designing and manufacturing the highest quality, fibreglass boats in the market, there are absolutely no shortcuts during any stage of the construction process.**

All fibreglass is hand-laid for ultimate hull strength, all hulls are suboor filled with high-density foam and only the highest quality fittings and accessories are used throughout. A wide range of options are available to customize boats and trailers to suit individual operational requirements.
