# Welcome to Sai Raj

## About The Company

By Divine Grace, Sai Raj Ltd continues to serve the region as a pioneering fibreglass and PVC products manufacturer and fabricator with a team of highly trained professionals that are committed to providing quality products and a wide range of associated products and services.

For over 40 years, we have provided clients with bespoke innovations by maintaining a system that can integrate developments as they occur; these cost and quality advantages are passed onto our valued customers.

We are one of Kenya's leading Fibreglass moulders, commercial vehicle body manufacturers, and vehicle conversion specialists, offering the largest, most diverse range of products available in the market today. Our designers work with you during the development of each product to discuss the range of features available to you.

Our products include Fibreglass and Steel Truck Bodies, Pick-up Bodies, Vehicle Conversions and Specialty Fabrications, Fleet Conversions, 4x4 Accessories and Camping Gear, Ceramic Coating and Paint Protection products, uPVC Roofing Sheets, Polycarbonate sheets, PVC ceiling panels, Fibreglass tanks, Fibreglass furniture and many more quality Fibreglass Mouldings as per client needs.

### Our Vision

To make Sai Raj Ltd the first choice manufacturer and reliable vendor of high quality products, vehicle body work, accessories and preferred allied products.

### Our Mission

To be trusted to deliver excellence with quality, service, flexibility and innovation at affordable prices.

**Innovation Is In  
Our DNA**

## Introduction

# Our Services

### Vehicle Bodies by Sai Raj Limited

Sai Raj, under the Cargotuff brand name specializes in the design and manufacturing of insulated and dry freight fibreglass truck and pick-up bodies, motorcycle carrier boxes and trailers that are relied upon by East Africa's leading businesses, transporters and long-distance hauliers; to carry everything from frozen ice-cream to day-old chicks, from beef to bread among many other products safely and hygienically, producing complete cold chain solutions.

Cargotuff's market-leading success can be attributed to our design innovation and the quality of our products and services. With our extensive experience in our specialist field as well as our in-house design capabilities you will not doubt that you have selected the right partner to "give you the edge" in a competitive market.

Quality is always the result of high intention, sincere effort, **intelligent direction, and skillful execution.**

*"The future belongs to those who believe in the beauty of their dreams."*  
- Eleanor Roosevelt

**We also specialize in building custom bodies and bespoke conversions to suit client needs.**

Such conversions and custom builds include:

- Dry goods & Insulated Fibreglass Bodies.
- Ambulances
- Mobile Vending Trucks

# Truck Bodies

## Durable Dependability: Cargotuff Truck Bodies Built to Last

Sai Raj, under the Cargotuff brand name, specializes in the design and manufacturing of insulated and dry freight Fibreglass composite, Steel and Aluminium truck bodies that are relied upon by East Africa's leading businesses, transporters and long-distance hauliers; to carry everything from dry freight cargo to stationery, frozen/perishable goods to day-old chicks, from beef to bread among many other products safely and hygienically, producing complete dry freight, specialized freight and cold chain solutions. We also specialize in building custom bodies and bespoke conversions to suit our client needs.

**Durable and efficient truck bodies for every job!**  
**Our customizable options ensure a perfect fit for your specific cargo needs.**

### Rigicore fiberglass trucks

Rigicore fiberglass trucks have a robust superior fiberglass construction, durable double skin panel

### Single Skin Fiberglass Trucks

Cargotuff general cargo superior fiberglass body with single/double door options & floor finish options

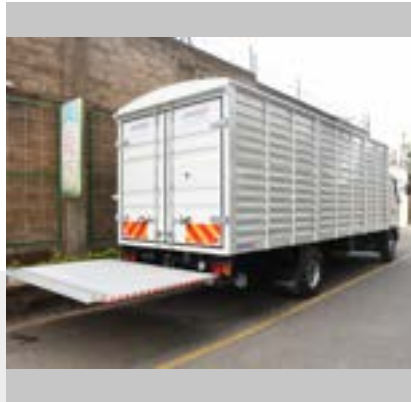

### Insulated Truck Bodies

Cargotuff 65mm/ 90mm/ 115mm/ 165mm Pu/ XPS/ EPS Fiberglass pressed insulated body construction for chilled/frozen/ Deep frozen application

### Open Steel Trucks

Cargotuff open corrugated steel body. Built to handle large loads and navigate challenging routes, these versatile trucks are ideal for businesses in construction, agriculture, and logistics.

### Closed Steel Trucks & Tailgate Lifts

Cargotuff enclosed corrugated steel body with a tail-lift for effortless loading and unloading. The integrated tail-lift enhances efficiency, reduces manual labor, and speeds up operations. The tail-lift can be fitted in any other type of truck.

### 40FT Trucks

Cargotuff fiberglass Insulated or dry cargo body on a 40FT truck. 40ft trucks provide a large storage area, allowing businesses to transport more goods in a single trip. Reduce transportation costs with greater payload capacity.

Cargotuff

# Pick-Up Bodies

**Built for efficiency: maximize the potential of your Pick-up**

Sai Raj is renowned in producing the best pickup bodies in Kenya and East Africa. Over 40 years of experience allows us to build the body to suit your needs. Sai Raj has been recognized as the pioneer of Kenya's leading body manufacturers and accessory supplier for the pickup market in Kenya. We serve government fleet, army, commercial and leisure customers. The pickup bodies are renowned for their stylish yet robust and secure features. Sai Raj is the choice of most OEM's and fleet operators in the country and we are proud to work with them on several projects.

Our bodies are designed to be strong and secure without adding excessive weight to your pick-up. Choose from a variety of styles and integrated storage solutions to meet your specific needs.

**Precise Canopy**

Precise Fibreglass Pickup body is made to fit without compromising on the look of your pickup truck. It provides security, versatility and provides extra protection from bad weather. We also provide optional extras to suit your requirements.

**Insulated Fibreglass Canopy**

Whether you're in the horticulture, food industry, transporter of perishable fleet or a transporter of medical products that are temperature sensitive, we can insulate your pickup truck to meet your needs and protect your goods from exter-

**Steel Canopy**

Steel canopies are highly durable and provide superior protection against impact, weather elements, and potential theft. They are less likely to crack, warp, or break. They have a higher load-bearing capacity, allowing for the transport of heavy items.

**Glide Canopy**

The Glide Canopies are well designed canopies for multi-purpose use, be it carrying passengers or goods. They are available on a fully enclosed unit with no window (solid) or can be made to any specifications

**Rave Canopy**

The Rave fibreglass canopy allows streamlined flow of air, therefore reducing fuel consumption. Fit this hardtop canopy to provide versatility, weather protection and increase the flexibility of your pickup

**Steel Canopy**

This Steel canopy is highly durable as it's less likely to crack, warp. Its high load-bearing capacity, allows for the transport of heavy items and the side view with sliding windows is ideal for carrying passengers.

VEHICLE CONVERSIONS

# IMPULSE

*Ambulance / Mobile clinic by Sai Raj*

# Pulse Vehicle Conversions Mobile Clinics and Ambulances

East Africa's Trusted Expert In Mobile Clinic Conversions & Ambulances

At Sai Raj Limited we produce excellent quality conversions and custom build vehicles for ambulance services and patient transport services. Being the leader in the Fibreglass industry in Kenya, we worked with vehicle dealers and suppliers in Kenya and abroad to come up with a higher standard of Ambulances, Mobile Clinics, X-Ray Vans and a wide range of optional features.

Sai Raj is committed to providing state-of-the-art ambulances and mobile clinics. Our vehicles are designed with precision and feature a variety of configurations to cater to different medical requirements. Our fleet includes diverse vehicle types, ranging from vans, trucks, and 4x4s, equipped with a comprehensive selection of medical equipment from trusted suppliers to ensure optimal patient care.

We build **SECURE, DEPENDABLE,**  
and **HIGH-PERFORMANCE**  
ambulances to empower  
heroes in saving lives.

# Security/ Defence Vehicles Conversions

The wide and ever more diverse methods of policing in today's society require a similarly responsive fleet to support them.

From bespoke security features through to innovation in secure transportation and support vehicles, we've been partnering with police forces, defense forces and security companies across the country and using our expertise to provide robust and versatile vehicle modification solutions.

## Vehicle Conversions

# Fire Fighting Trucks & Rapid Intervention Vehicles

Sai Raj's Cargotuff Rescue and Rapid Intervention Vehicles are specifically designed to be functional, practical, tough and agile vehicles that will revolutionize the way in which we respond to emergencies.

When emergency services respond to an incident they can be confronted with all sorts of issues. The need to suppress fire, rescue people trapped inside and render immediate life support and control spills to prevent hazardous chemicals from entering our waterways. The list goes on.

The R.I.V. can be equipped to respond to all these incident types and more. Couple this with versatility and the capability of carrying a crew of three to four people, setting up remote area command post with real time communications, and having the comfort of knowing you have the safest emergency response vehicle ever built.

Each RIV is completely  
customized based on your  
specifications

# SMARTCAP™

THE WORLD'S FIRST  
**MODULAR**  
TRUCK CAP SYSTEM

## MODULAR THE WORLD'S FIRST TRUCK CAP SYSTEM

SmartCap is the world's first modular truck cap system. From its 5-piece stainless steel design to its seamlessly integrated Components, the SmartCap lets you build and organize your truck bed exactly how you want it. But that's just where the benefits of this revolutionary design begin.

## IT'S A DOOR AND SO MUCH MORE!

The Gullwing Door openings are around 17% taller than the average side window you'll find on a fiberglass canopy — making it that much easier to access cargo or bolt in a SmartCap Component.

## Discover , Adventure , Explore.

The TRE 4X4 product line is rapidly expanding with high quality and affordable solutions to meet the demands of the off-road community. The TRE4x4 Air Locking Differential products are sold all over the world through a network of distributors and are used by both weekend adventurers and professional off-road teams.

## Car Care & Protection

**Diamondbrite®**  
PROTECT | CLEAN | CARE

**Diamondbrite Ceramic** stands as the pinnacle of advanced paint protection technology, offering unparalleled durability for a wide range of vehicles, including Motorbikes, Electric Vehicles, Hybrids, Motability vehicles, Vans, Fleet, and Business vehicles. This cutting-edge coating not only maintains your vehicle's pristine, showroom-fresh appearance but also delivers exceptional defense against various environmental challenges.

- **UV Damage:** Prevents fading and oxidation from prolonged exposure to sunlight.
- **Chemical Contaminants:** Safeguards against damaging substances such as acid rain, bird droppings, tree sap, and road salts.
- **Scratches and Swirl Marks:** Forms a resilient protective layer that resists minor abrasions and keeps your paintwork smooth and flawless.
- **Weather Extremes:** Withstands extreme temperatures and harsh weather conditions, from intense heat to freezing cold.

Our comprehensive Diamondbrite Ceramic Paint, Fabric, and Leather protection is backed by a guarantee (subject to terms and conditions). Trust Diamondbrite Ceramic to ensure your vehicle remains in immaculate condition, no matter the challenges it faces.

## Car Care & Protection

## LLUMAR AUTOMOTIVE TINT PROTECTION

When your vehicle sits in a parking lot, baking in the summer sun, it can get uncomfortably hot. The sun's heat can also have an impact when you spend a good amount of time on the road. Air conditioning helps but using it too much can affect the performance of your car and increase fuel use. LLumar window tint blocks up to 99% of harmful UV rays, helping to keep you, your passengers and your interior protected from sun damage.

Cargotuff

## TukTuk Conversions & Bike Boxes

Sai Raj Limited offers innovative solutions with our high-quality fibreglass bike boxes and auto rickshaw (tuktuk) conversions. Our fibreglass bike boxes provide durable, lightweight, and weather-resistant storage options, ensuring the safety and protection of valuable cargo. For the auto-rickshaw (tuktuk) market, our fibreglass conversions deliver enhanced durability, improved efficiency, and a sleek, modern aesthetic, making them an ideal choice for urban transport and freight transportation.
